1 Read paragraph 'a' and check (✓) the correct picture. Then complete the chart.

**paragraph a**  
Our school has good sports facilities and equipment. Indoors, there is a hall where we can do gymnastics or play volleyball. Outside, there is a schoolyard where we can play soccer, basketball or baseball. There is equipment such as bats and balls for playing the different games, but all children have to bring their own sneakers and other clothes, of course.

**paragraph b**  
All the children at our school have to play sports. Everybody has two physical education classes a week. If the weather is good, we can play tennis or do track and field. In bad weather, we go indoors to play volleyball or basketball.

**paragraph c**  
Some children play on the school teams. There is a soccer team, volleyball team, baseball team and a basketball team. The teams play in sports competitions against other schools. These games are usually played after school. Soccer and baseball competitions are also held between the different classes. The class teams compete to win the school trophies. There is also a field day in the summer semester when everybody competes in running, jumping and other field events. Physical education is a very popular subject.

| When are the lessons?<br>What do they do? | Are there any extra activities? | What equipment does the school have? |
