

Placement Test Information

The **School Phonics Placement Test** has been designed to help teachers accurately place students into the appropriate level of the series by evaluating students' existing knowledge of phonics.

The test questions come directly from the School Phonics series. The test is divided into two sections:

Part 1 - Listening (20 questions)

Part 2 - Reading and Writing (20 questions)

This paper-based test has been designed to be photocopiable, and it is also printable from the Digital Teacher's Manual CD.

How to Administer the Placement Test

- 1 Print or photocopy the test pages.
- 2 Make sure students are comfortable and know how to complete the questions. Younger students may need assistance.
- 3 Once students have finished the test, use the scoring rubric to place them in the most appropriate classes. Each question is worth 1 point.

Scoring Rubric
