## A. Summary

### 1. Book Summary

*Sleeping Beauty* is a story about a princess who had a bad spell put on her.

A king and queen had a baby girl, Rose. They had a party for her. They invited seven fairies to the party. The king thought the eighth fairy was dead, so he did not invite her. She was very angry.

The other fairies gave Rose wonderful gifts. Then the old fairy put a bad spell on Rose. She said Rose would hurt her finger on a spinning wheel and die.

The young fairy said Rose would not die. She would hurt her finger and fall asleep for one hundred years. A prince would kiss her to wake her up. After that, the king did not allow spinning wheels in the castle.

One day, the king and queen went to see some friends. While they were gone, the old fairy returned to the castle with a spinning wheel.

Rose hurt her finger on the spinning wheel and fell asleep.

The young fairy put everyone and everything in the castle to sleep. The king and queen could not stay.

One hundred years later, a prince found the castle. He kissed Rose. Everyone in the castle woke up.

The prince married Rose, and they were very happy.

## **B. Background and Themes**

★ **Fate:** When something is meant to happen, it cannot be stopped. We can try to prevent something from happening, but in the end, if it is part of our fate, it will happen. The king tried to prevent the princess from hurting her finger on a spinning wheel, but it still happened. The castle was hidden behind trees, but a prince still found it. He didn't have to kiss the girl, but he did. It was all part of a plan that could not be stopped. That is fate.

★ **Revenge:** People try to hurt others that have hurt them in some way. It is better to forgive than to be angry and seek revenge, but our first instinct is usually to get back at whoever hurt us. The eighth fairy was very angry that she was not invited to the party. She wanted to hurt the king and queen because they hurt her feelings.

★ **Magic:** Fairy tales often involve magic. Magic can make good things or bad things happen. It would be nice if we could wave a magic wand to get what we want, but that only happens in fairy tales.
