

**Unit 1. Hyperloop**

1. cities in California
2. about
3. apart
4. fastest
5. travel between
6. about
7. flight
8. would take
9. minutes
10. idea
11. inventor
12. kind
13. train
14. tube
15. Passengers
16. ride
17. pods
18. pressure
19. float
20. move through
21. per hour
22. idea
23. between
24. build
25. above
26. ground
27. go underground
28. cost
29. build
30. special
31. carry
32. lot
33. money
34. travel
35. worth

**Unit 2. The City of Moose**

1. Almost
2. live
3. Lots
4. moose
5. city
6. different
7. Why
8. city
9. safe
10. wild
11. kill
12. moose
13. few
14. come
15. into
16. like
17. because
18. plenty
19. eat
20. winter
21. yards
22. climb on top
23. branches
24. trees
25. flowers
26. vegetables
27. mind
28. moose
29. cause
30. problems
31. problems
32. drivers
33. roads
34. make
35. special
36. Anchorage
37. even
38. symbol

**Unit 3. Ways to Travel**

1. people travel
2. sea between
3. Channel
4. Before
5. traveled
6. airplane
7. slow
8. airports
9. take
10. train
11. might
12. know how
13. train go
14. man
15. idea
16. thought
17. under
18. great
19. at that
20. laughed
21. almost
22. hundred
23. use
24. tunnel under
25. all use this
26. Why
27. comes from putting
28. allows people
29. much faster

**Unit 4. Manaus**

1. Deep
2. rainforest
3. city
4. More than
5. there
6. visitors
7. surprised
8. middle
9. rainforest
10. built where
11. meet
12. beside
13. close as well
14. meet
15. become
16. famous
17. began small
18. rapidly
19. rubber
20. made
21. people
22. rich
23. helped
24. grow
25. times ended in
26. something new
27. sell
28. electronic
29. made
30. Instead
31. rubber
32. come out
33. rainforest tours
34. as well

**Unit 5. Control Your Dreams**

- |                        |                     |
|------------------------|---------------------|
| 1. Imagine controlling | 25. dreaming        |
| 2. bad                 | 26. control         |
| 3. change into         | 27. dreams          |
| 4. perfect             | 28. practice        |
| 5. headband            | 29. turn            |
| 6. take control        | 30. herself         |
| 7. Users               | 31. ideal           |
| 8. when                | 32. developers hope |
| 9. wear                | 33. wearing         |
| 10. whole              | 34. control         |
| 11. senses             | 35. signals         |
| 12. temperature        | 36. delightful      |
| 13. waves              |                     |
| 14. tracks             |                     |
| 15. waits              |                     |
| 16. enter rapid        |                     |
| 17. usually            |                     |
| 18. dreams             |                     |
| 19. band               |                     |
| 20. action             |                     |
| 21. lights             |                     |
| 22. sounds             |                     |
| 23. still              |                     |
| 24. signal             |                     |

**Unit 6. The Science of Sleep**

1. lie down
2. fall asleep
3. wake up
4. happens
5. cycle
6. slow-wave
7. deep
8. phase
9. relax
10. slows
11. brains respond
12. noises
13. tissue
14. repair
15. immune
16. strengthened
17. sleep
18. stage
19. temperature
20. rises
21. rate speeds
22. become active
23. get rid of
24. while
25. reset
26. refreshed
27. Without
28. sick
29. grumpy
30. Thinking
31. also
32. gain
33. health
34. at least

**Unit 7. Sleeping Habits**

1. concentrating
2. difficult
3. grades
4. lack
5. sleep
6. cause
7. Luckily
8. simple
9. habits
10. serious
11. enough
12. enables
13. better
14. who get
15. adequate amount
16. likely
17. tired
18. likely
19. grades
20. children
21. approximately
22. busy
23. Choosing
24. regular
25. Relaxing
26. bedtime
27. important
28. keep
29. internal
30. responds
31. Keeping
32. bright
33. bed
34. same
35. even
36. weekends
37. these
38. more
39. sleep
40. performance
41. improve

**Unit 8. Sweet Dreams**

- |                        |                      |
|------------------------|----------------------|
| 1. smells affect       | 25. bad              |
| 2. scientists          | 26. experiment seems |
| 3. know                | 27. avoid            |
| 4. tested              | 28. need             |
| 5. interesting results | 29. sure             |
| 6. scientists          |                      |
| 7. sleep               |                      |
| 8. smelled             |                      |
| 9. agree               |                      |
| 10. nice               |                      |
| 11. next               |                      |
| 12. interviewed        |                      |
| 13. people             |                      |
| 14. dreams             |                      |
| 15. said               |                      |
| 16. had                |                      |
| 17. scientists         |                      |
| 18. sleep              |                      |
| 19. rotten             |                      |
| 20. smell              |                      |
| 21. terrible           |                      |
| 22. Again              |                      |
| 23. interviewed        |                      |
| 24. said               |                      |

**Unit 9. The History of Drones**

1. Drones
2. machines
3. pilots
4. controlled
5. ground
6. existed
7. over
8. earliest ones
9. practice targets
10. Each
11. used
12. reusable
13. developed
14. target
15. used
16. deliver
17. information
18. became advanced
19. sense
20. battlefield
21. revolution began
22. smaller
23. developed
24. military
25. cameras
26. drones differently
27. forest
28. could buy
29. sold
30. bring
31. search
32. rescue
33. situations
34. deliver

**Unit 10. Amelia Earhart**

## 25. Pacific Ocean

1. afraid
2. tried
3. invited
4. fly
5. flew
6. together
7. famous
8. being
9. another
10. became
11. make
12. trip
13. flew
14. over
15. that
16. tried
17. fly
18. world
19. month
20. ran into
21. land
22. island
23. cloudy
24. accident

## 26. able to find

**Unit 11. Chuck Yeager**

1. American hero
2. born
3. eighteen
4. joined
5. flight mechanic
6. pilot
7. sent
8. served
9. fighter
10. made
11. mark
12. first
13. fly faster than
14. distance traveled
15. wave
16. measured
17. equal
18. per
19. thought
20. impossible
21. proved
22. wrong
23. famous
24. reached
25. speed
26. pioneer
27. flight
28. types
29. military aircraft
30. astronauts
31. remembered

**Unit 12. Try, Crash, Fly**

1. received
2. gift
3. helicopter
4. flying machines
5. Balloons
6. machines
7. really
8. helicopter
9. gave
10. flying
11. grew
12. dreaming
13. inventing
14. models
15. their
16. flying
17. engine
18. pilot
19. less than
20. crashed
21. brothers
22. fix
23. tried
24. flew
25. twelve
26. crash
27. landed
28. flight went almost
29. come true

**Unit 13. New Technologies for  
Sportswear**

1. sports
2. win
3. hard
4. healthy
5. appropriate
6. affects
7. work
8. practice
9. clothes
10. change
11. can
12. international
13. introduced
14. goggles
15. one piece
16. comfortable
17. efficient
18. faster
19. football
20. wearing
21. shirts
22. computer
23. sends

24. data
25. coach
26. coach
27. playing
28. professional sports
29. technology
30. improve

**Unit 14. Swimming to Survive**

1. like to
2. good exercise
3. However
4. fall
5. sink
6. swim
7. Drowning
8. risk
9. die
10. drowning
11. problem
12. children
13. panic
14. fall into
15. heart rate rises
16. survive
17. solution
18. learning
19. float
20. leaf
21. Like
22. calm
23. float calmly
24. unsafe
25. wait
26. Learning
27. float
28. adults survive
29. trouble

**Unit 15. Dodgeball**

1. game
2. played
3. players
4. sizes
5. field
6. large
7. rubber
8. fast
9. answer
10. all
11. clever
12. different
13. even
14. teams
15. odd number
16. man
17. aim
18. simple
19. eliminate
20. hitting
21. ball
22. dodge
23. avoid being hit
24. why
25. called
26. hasn't been hit
27. flexible
28. perfect
29. exercise

**Unit 16. Golden Time that Saves Lives**

- |                   |                    |
|-------------------|--------------------|
| 1. Imagine        | 25. chest          |
| 2. family         | 26. release        |
| 3. Suddenly       | 27. hurting        |
| 4. falls down     | 28. repeat         |
| 5. breathing      | 29. minute         |
| 6. panic          | 30. fast           |
| 7. ambulance.     | 31. push           |
| 8. Remember       | 32. beat           |
| 9. needs          | 33. continue until |
| 10. beat          | 34. golden         |
| 11. beating       | 35. save           |
| 12. air           |                    |
| 13. brain         |                    |
| 14. golden        |                    |
| 15. helping       |                    |
| 16. situation     |                    |
| 17. compressions. |                    |
| 18. person        |                    |
| 19. put both      |                    |
| 20. hand          |                    |
| 21. top of        |                    |
| 22. weight        |                    |
| 23. above         |                    |
| 24. weight        |                    |
