The Future

C. Read and answer.

James was an astronaut, and Sally was a scientist.
They went into space to look for aliens.
They flew millions of kilometers away from home.
Then their ship crashed on a unique planet.
They stepped out of the ship and looked around.
Slowly, aliens came out from behind the blue rocks.
At first, James and Sally wanted to run away.
However, the aliens on this planet were very nice.
They welcomed the humans to their planet and invited them to dinner.
When they went to the aliens' home, they saw robots.
James and Sally could not believe their eyes.
The robots looked just like humans!
