### Questions 6 - 10

Today, English is spoken by so many people in so many different countries across the globe that it has become even harder to \_\_\_\_ (6) \_\_\_\_\_. The contemporary \_\_\_\_ (7) \_\_\_\_\_ lies somewhere between the \_\_\_\_ (8) \_\_\_\_\_ and descriptive approaches. Educators generally try to follow something called Standard English (SE), so as to avoid a complete \_\_\_\_ (9) \_\_\_\_\_ of order in the use of English. However, as one can see in the differences in spelling and vocabulary between, say, British and American English, rules can be difficult to \_\_\_\_ (10) \_\_\_\_\_. Think of examples such as the American spelling of words like “organization” or “color,” which are spelled “organisation” and “colour” in the UK. Both forms are seen as correct, as long as they are used in the right country.
