Score: \_\_\_\_ /15

**[1-6] Read the passage again. Choose the correct words.**

- 1 I ( blow up / got scared ). I thought you were a tiger shark.
- 2 Don't ( scary / worry ), you are safe with me.
- 3 We puff up for ( protection / balloon ).
- 4 Some animals can make themselves ( match / disappear ) like magic.
- 5 They hide themselves from their ( predators / branches ).
- 6 Flatfish ( look / lie ) flat on the ocean floor.

**[7-8] Go back to the passages. Complete the sentences.**

7 I puff up like a balloon.

→ I \_\_\_\_\_ like a balloon.

8 Gray treefrogs can hide well.

→ Gray treefrogs are good \_\_\_\_\_.

**[9-12] Read and choose True or False.**

Tiger sharks are scary. They eat puffer fish like me.  
Wait, are you a blowfish or a puffer fish?  
Blowfish and puffer fish are the same. We just have two names.  
I see. But why "puffer fish"?  
Because we puff up for protection. I can look big and strong.

- |           |   |              |
|-----------|---|--------------|
| <b>9</b>  | Sharks eat puffer fish.                 | True / False |
| <b>10</b> | Blowfish and puffer fish are different. | True / False |
| <b>11</b> | Puffer fish puff up to attack sharks.   | True / False |
| <b>12</b> | Puffer fish can look big and strong.    | True / False |

**[13-15] Read and choose the correct answers.**

Gray treefrogs are good hidiers too. Their skin is bumpy like tree branches and bark. They change colors to match the trees and leaves. They can change to green, brown, or gray! This is how they hide from predators. Then they wait for little insects.

- 13** Gray treefrogs can change their \_\_\_\_\_.
- (a) colors
  - (b) sizes
