

Topic 2 Plants we eat

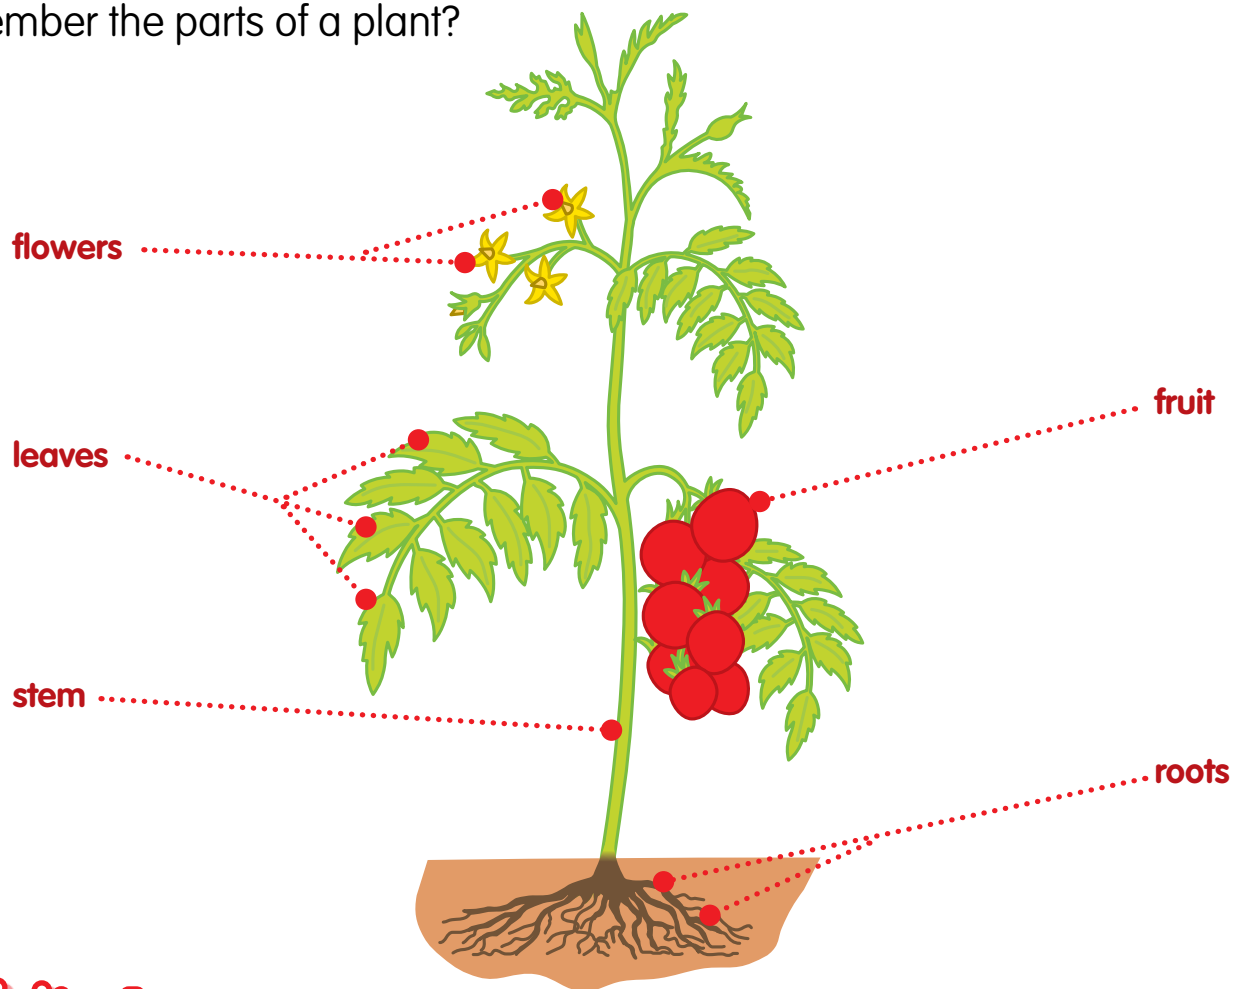

Objectives

When you have completed this topic you will be able to:

- 🌸 name the parts of a plant
- 🌸 recognise and name some edible plant parts
- 🌸 care for a growing plant
- 🌸 make popcorn

Plant parts

Remember the parts of a plant?

Activity 1

Draw your own plant. Make sure it has flowers, leaves, fruit, roots and a stem. Which part of your plant can you eat?

Plants for food

We eat different parts of plants.

We eat **leaves**

cabbage

lettuce

spinach

We eat **roots**

carrot

beetroot

cassava

We eat **fruits**

banana

orange

tomato

We eat **seeds**

rice

wheat

beans

nuts

We eat **stems**

celery

asparagus

sugar cane

We eat **flowers**

cauliflower

broccoli

Activity 2

Copy and complete this table. Add as many foods as you can to the columns.

Leaves	Roots	Fruits	Seeds	Stems	Flowers
cabbage	carrot	banana	rice	celery	cauliflower
